## RECENT PROJECTS

### Marathon Petroleum (DHOUP)

Marathon Petroleum's \$35 Billion dollar Detroit Heavy Oil Upgrade (DHOUP) project was commissioned to process Canadian crude, delivering highly valued fuels and petroleum related bi-products. Primavera Consultants LLC worked closely with Fluor Constructors and Marathon to provide project controls services for a specialty contractor on the multi-year contract to include:

- Primavera P6 Scheduling, Lead Planners (SME)
- Project Controls Personnel, Delay Analysis & Impact and claims avoidance
- Support staff, Estimating, Drawing & Engineering resources

### Dakota Gasification

With nearly 153 million cubic feet of natural gas production daily and over 477 million dollars invested in assets. Dakota Gasification (DGC) vetted many vendors to perform their Primavera software migration and desired portfolio management process improvements. Primavera Consultants LLC (PC) was selected by DGC to perform the initiative that allowed DGC to fully recognize the return on investment (ROI) desired from an integrated project management system. PSG's team provided implementation services, performance and process procedures, planning, scheduling and outage personnel. Including organization training, project support and online helpdesk through PSG's customer support portal to meet project objectives.

- Primavera P6 Scheduling, Lead Planners (SME)
- Project Controls Personnel
- Custom Training Development & Delivery
- Integration & Support Services.

### CMSEnergy (J.H. Campbell Plant)

CMS Energy a producer and distributor of energy services, leading the industry in efficiencies and environmental stewardship in the Midwest and National electricity market. During our multi-year commitment, PC's team will provide planning and scheduling personnel to monitor progress with respect to project budget, risks, reporting, schedules, to meet owner objectives. This work will be performed using Primavera P6 Project and Portfolio Management software and other industry best of breed solutions.

- Primavera P6 Scheduling, Lead Planners (SME)
